Dear TeamUnify Hiring Manager:

Please find my attached resume for the position of Senior Product Manager. Having just relocated to Bend, I am looking for a senior-level position in a well-funded organization in Bend to contribute to continued growth. This position stands out since I have 10 years competitive swimming experience (5 age group, 5 masters) under [Jeff Pease in San Diego](#).

I have considerable experience with Product Marketing - from the vision to planning, developing, working with cross-functional teams to deliver MVPs. I'll let you know that I have not worked in a large-scale tech organization in over a decade, and have no experience with JIRA. But you'll find that I am a very quick study, a true people-person, and a proven leader capable of delivering at a very high level.

If you my history and skill-set to be a potential match for this position, I look forward to discussing how I can contribute the the future of TeamUnify.

Thank you!

Jeffrey Magner
