## Myrtha Day Open House

Nov 22, 2017 @ 1:00pm  
Victoria Road Recreation Centre  
151 Victoria Rd N, Guelph, ON

BY RESERVATION ONLY  
please contact Scott: [scott.bowron@ncaquatics.com](mailto:scott.bowron@ncaquatics.com)

Victoria Road Renovation is the latest 50-metre Myrtha RenovAction project by NCAquatics, which allowed us to install a brand new Myrtha Pool inside their tired old concrete pool. RenovAction uses the patented Myrtha panel, a stainless steel sheet laminated with a hard PVC sheet to form walls, gutters and other elements of the new pool, which fits inside the old concrete tank. Myrtha provides fast, precise construction and gives the Owner and their clientele a beautiful new pool that is easy to care for and requires little or no maintenance.

### First Poolpod in Ontario

### Movable Bulkhead

This is also the latest installation of the **Myrtha Automated Bulkhead**. The FINA-endorsed Myrtha Bulkhead moves along the length of the pool with rechargeable, carefree batteries operated by remote-control. "We selected the Myrtha Automated Bulkhead to allow fast course changes and to eliminate staff injuries," explains Heather Flaherty, Director of Recreation for the City of Guelph, "and we selected Myrtha because of the ease of maintenance it gives us."

Jamie Lopes of Aquatic Design and Engineering, the pool designer for this extensive renovation, explained that "the risks of serious delays and extra charges that we see with pool renovations with tile and concrete technology were just too high. With Myrtha and RenovAction we know the cost before we start, and we know the installation time is fast. Using the same technology used for today's Olympic Games (Myrtha provided 18 pools for the 2016 Olympics in Brazil) to update the fabled Victor Davis Pool in Guelph is an obvious choice. Both Swimming Canada and FINA strongly recommended we use Myrtha for this and any training pool"

### Lap Pool Before

### Lap Pool After

Project Architect: CS&P Architects, Toronto ON  
Aquatics Consultant: Aquatic Design and Engineering, Kitchener ON  
General Contractor: Melloul-Blamey, Cambridge ON
