

# GRIFFIN BOYD

Hello,

My name is Griffin Boyd and I'm 25 years old. I was born and raised in Medford, Oregon. I Attended South Medford HS, before being awarded a baseball scholarship to Western Oregon University. I graduated from Western Oregon with a BS of Communications and a Minor in Sports Management. I followed my passion for Sports into the world of Sports Business. After working a few different jobs in sports in both Portland, Or and Southern Oregon, I wasn't enjoying working in sports as much as I enjoyed putting the uniform on.

For the past six months I've been living in Austin, Texas trying to figure out what I want to do with my life. In that time I have developed a passion for graphic Design and Visual Communications. I bought a computer, became a subscriber to Adobe Creative Cloud, and a membership to the Lynda.com to learn Graphic Design. Having all these new tools are great, but mean nothing without a goal and a work ethic to achieve that goal. For the past two months, I have been reading and studying courses online and to become a Graphic Designer. My goal is to be proficient in Graphic Design and all of its software by the age 27. I believe that in order for anyone to be successful and good at what they do, they need to have passion. My passion for visual communications and my work ethic to learn, is what is going to make me successful in this field.

I'm asking for any opportunity to get in on the ground floor of your business, and help grow your business. My experience in Sales will allow me to help grow your business before I'm capable of applying for a job as a designer. As a student athlete, I know the importance of work ethic, being a team player, and communicating well. I think those are skills that will help me learn in your company and complete any task assigned to me. I'm asking for a opportunity to be apart and help grow your business. A great attitude and work ethic is something you can expect me to bring everyday.

Sincerley,

Griffin A. Boyd
