Kendall Ann Comey

Bend, Oregon 541-576-4742

Profile

I am a full-stack developer with experience in JavaScript and PHP and a background in customer service. I love learning new technologies and am interested in working on a diverse and productive small team in order to make the world a better place - one byte at a time.

Technical Skills

- *Proficient in*: JavaScript, Node.js, Express, MongoDB, Git, AngularJS, React, HTML, RESTful APIs, Mocha/Chai Unit Testing, Browserify, Karma
- *Experience in*: PHP, Perl, MySQL, Java, Android Studio, XML, Python

Projects

Yelo, 2015, Team of 5 developers
- An iteration of Trello.
- Created with React, MongoDB, Node.js, Express, HTML, CSS.

CardPlay, 2015, Team of 3 developers
- A RESTful card game platform that includes solitaire.
- Includes unit testing implemented with Grunt, Mocha and Chai.
- Uses MongoDB, Node.js, Express and AngularJS.

No Secrets!, 2015, Solo project
- Android App developed with Java and Android Studio.
- App works as a magic trick allowing the owner to "read minds."

Work Experience

Technical Applications Specialist
2005-2013 Wells Fargo Bank, Jackson, WY (formerly Jackson State Bank & Trust)

- Developed a company-wide Intranet using SharePoint.
- Provided software support via phone for hundred's of Wells Fargo Business Bankers and their associates.
- Top agent in 2011 successfully handling over 10,000 calls.

Senior Programmer
2000-2003 Rhinoskin, Jackson, WY (acquired by Saunders)

- Engineered a PHP e-commerce solution to expedite order processing and maximize profits by automating shipping, handling and inventory.
- Trained and supervised customer service agents in the use of software.

Education

Code Fellows, Portland, OR 2015
- Full-Stack JavaScript Development

University of LaVerne, LaVerne, CA
- Bachelor of Arts
- Magna Cum Laude
